## **Join The Swing to Shorthorns**

We would like to extend a personal invitation to each reader of this catalog to be with us in Orangeburg, Saturday, April 9, 1960, where we will present for your consideration one of the finest groups of Shorthorn cattle ever selected for sale in the Southeast.

Our State sales, begun in 1956, have grown through the years and now four years later, we are very proud to stage our first Invitational Sale. From all over the country, breeders have joined with us in presenting this wonderful display of cattle.

When we decided to have an Invitational Sale, rather than a closed affair, we went to two of the largest and best known breeders in the United States—one polled and one horned. We told them that we wanted them to represent their side of the picture at our first Invitational Sale. Both were gracious enough to agree. Acadia Farms, probably the top breeding establishment for horned Shorthorns in the United States, bred the 1956 Grand Champion Interbreed Steer at the Chicago International Livestock Exposition, the World Series of Cattledom. They are known as consistent breeders of highest quality animals, and their sales have always averaged among the tops on the North American Continent. Oakwood Stock Farms, owned by C. B. Teegardin & Sons, has for over 40 years been the headquarters for superior polled Shorthorn stock. In fact, Mr. Paul Teegardin, is known throughout America as "Mr. Polled Shorthorn". This farm has probably shown more International Champions and Champions at state, local, and national shows than any other polled breeder in the country.

After getting these two organizations to join with us, we decided that we would invite outstanding breeders from our neighboring states of Georgia, North Carolina and Tennessee. This we did, and were very fortunate to have a consignment made by W. P. Hix, Sewanee Valley Farm, Winchester, Tennessee & Boll Weevil Plantation, Waynesboro, Ga. These herds have consistently shown the top animals at the Southeastern Shows and Sales during the past ten year period. From North Carolina, our friends, Mr. C. G. Coble, Mr. W. J. Robertson, and Thurman R. Robinson, are sending some splendid animals.

All of these, along with the all out effort of our S. C. breeders, bring us animals that are very seldom seen in auction sales. All members have dug deep into their breeding herd and have made extra efforts to get absolute top quality animals consigned for your consideration.

In every previous Sale we have had an animal to suit every buyer's desire. Many of our farmer friends do not care to buy high fleshed show animals, and we will have an ample supply of off grass females for their consideration.

For the Pure Bred Breeder, we will have imported cows, sisters and half-brothers to International Champions plus the finest breeding services anywhere in the South.

Plan on coming down to Orangeburg and arrive early Friday morning. Orangeburg has some of the most beautiful rose and azalea gardens in the entire United States and it is expected that they will be in full bloom at the time of the Sale. They are indeed a sight to behold and a trip through these gardens will be well worth your while. There are ample facilities and accommodations in Orangeburg. It has been estimated that there are around 600 rooms available for tourists.

We will be looking forward to seeing you and having you as our guest.

This is a great young cow out of one of the top cows in the White Plains herd, and sired by an outstanding son of Cruggleton Banker that has never sired anything but top calves. She has had one excellent calf and sells bred to Louada Chieftain, the very promising sire now in service at Greenbriar Farms. She gives an abundance of milk, and is definitely the right kind to go into any herd. She is being sold because the boy who owns her does not have facilities to handle breeding cattle. Calfhood vaccinated, and tested clean from an accredited herd, she can go anywhere.

# **SOUTH CAROLINA SHORTHORN BREEDERS' ASS'N**

## **STANDARD GUARANTEE OF AMERICAN SHORTHORN BREEDERS' ASS'N**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.
6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.
